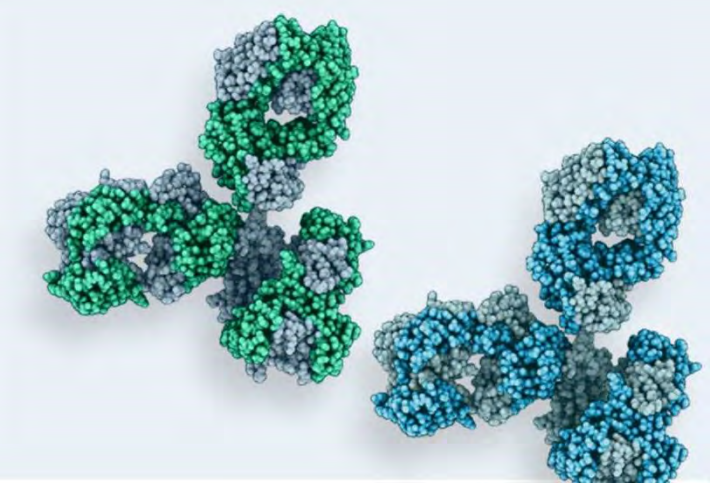
International Society of Nurses in Cancer Care

# BIOsim

A train the trainer programme for nurses

Module 5



(Supported by an unrestricted grant from Pfizer)

# Objectives of the session

At the end of this session the nurse will be able to,

- Understand the value of evaluation
- Appreciate the need for local audit
- Be inspired to publish findings

# Why evaluate ?

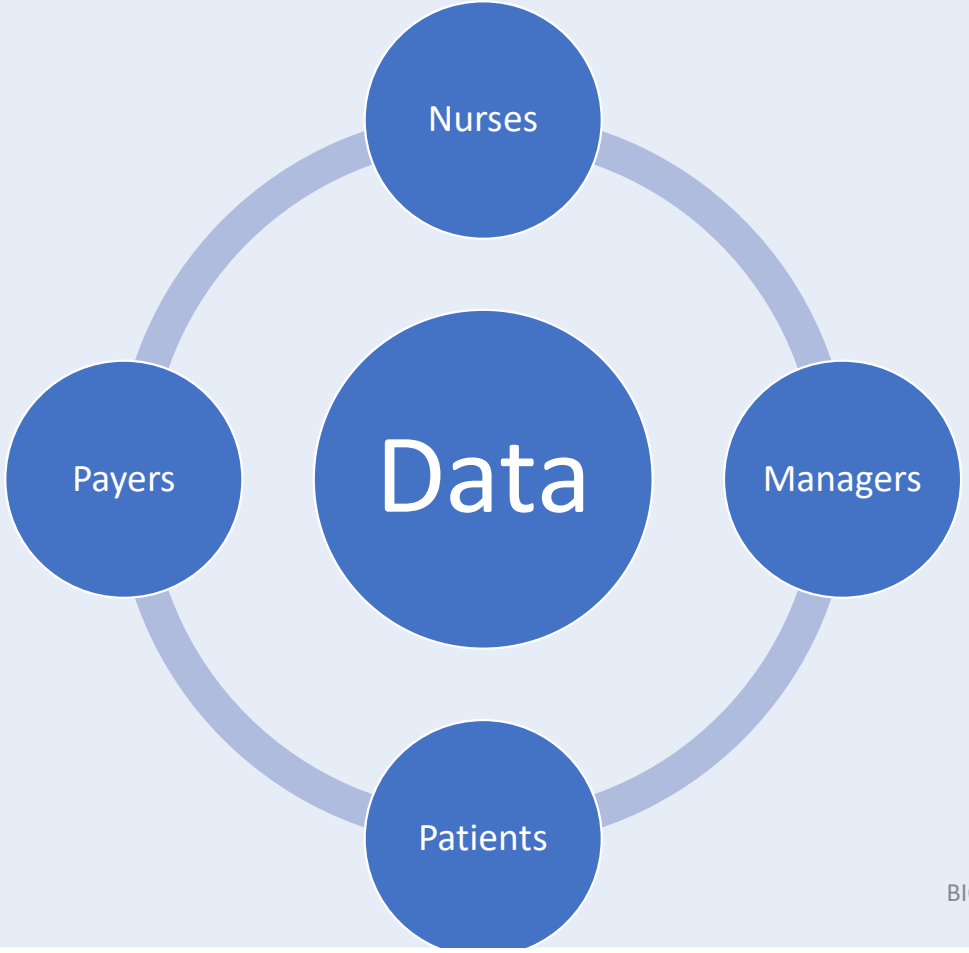
# Evaluation

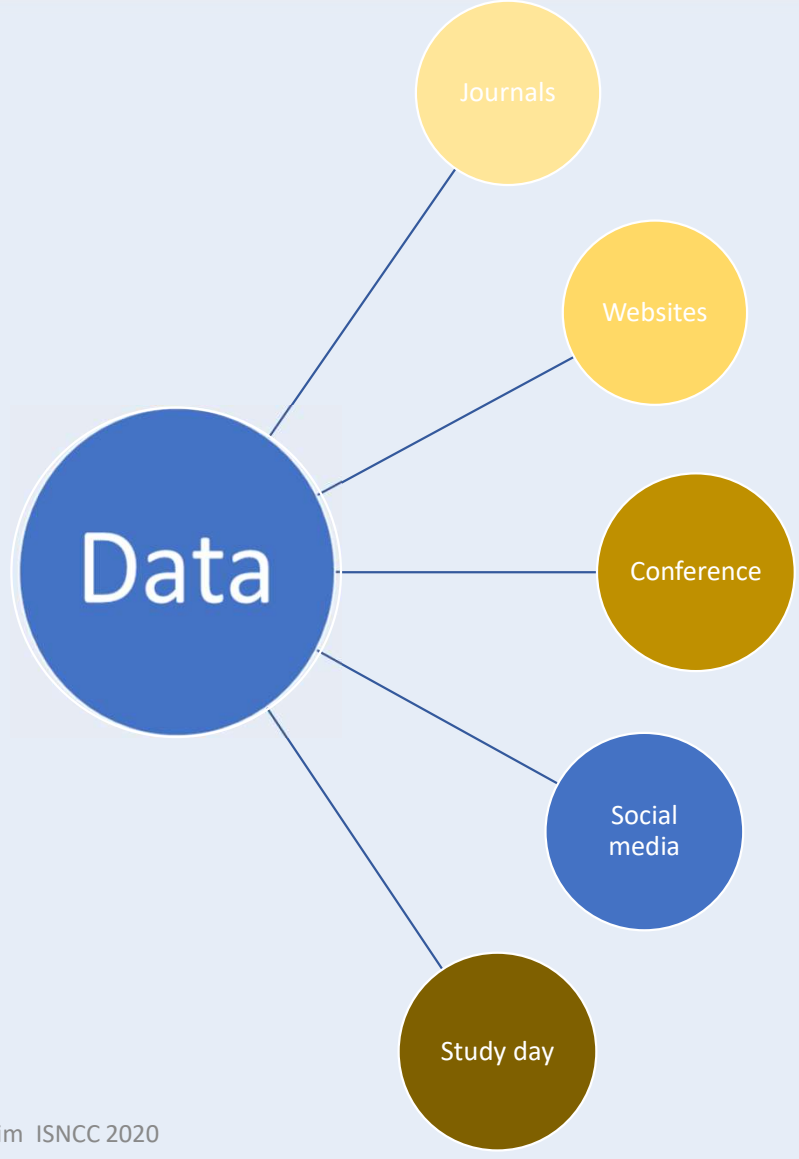
- Accountability
  - Value for money
  - Measuring accomplishment
  - Scope for modification
  - Realisation of impact
- Knowledge transferability
  - New knowledge
  - Fit for purpose
  - Future plans

# Types of evaluation

- Simple activity  (how many?)
- Reactions (safety)
- Patient experience (satisfaction)
- Financial gain (efficiency)
- Access (equity)
- Knowledge base (safety)
- Information needs (experience)

# Dissemination





# Summary

- Without data you cannot demonstrate any efficacy,  efficiency, safety, acceptability or confidence in using biosimilars
- Always disseminate internally and externally
- Join the community
