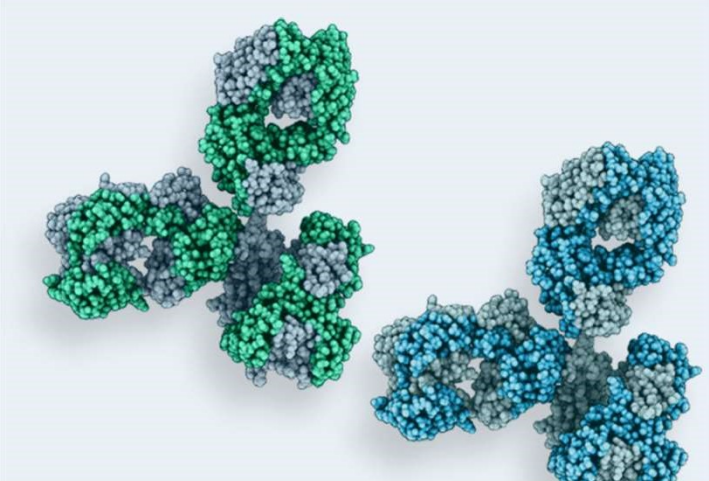
International Society of Nurses in Cancer Care

BIOsim

A train the trainer programme for nurses

Introduction



(Supported by an unrestricted grant from Pfizer)

Office1

Acknowledgements

- This programme has been developed with funds from an unrestricted educational grant from Pfizer.
- Steering group members
  - Dr Elaine Tomlins (Lead)
  - Prof Annie Young
  - Dr Catherine Oakley
  - Ms Helen Roe
  - Mr Simon Cheesman
  - On behalf of ISNCC

Aim of the programme

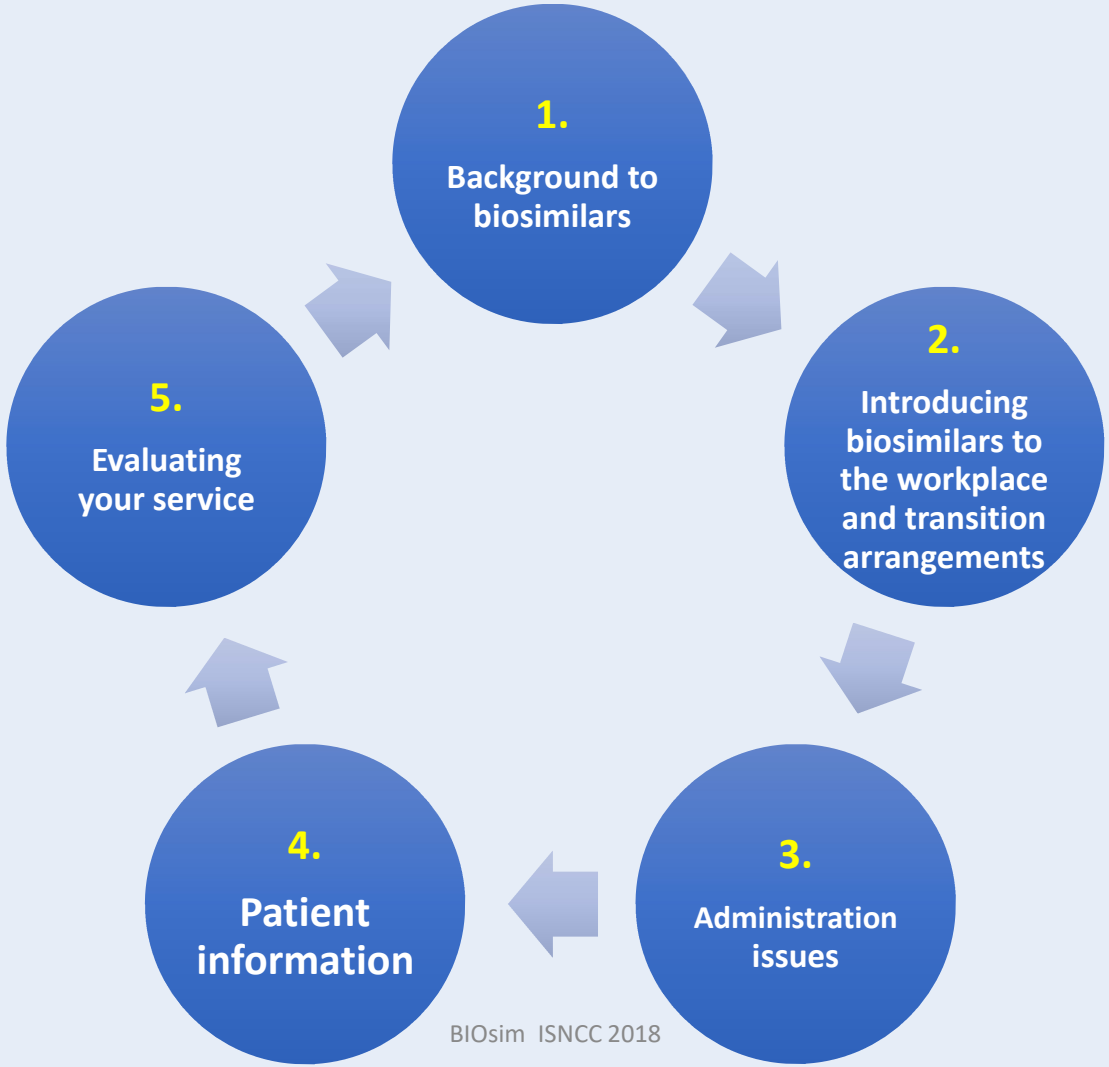
- The overall aim is to provide nurse trainers with comprehensive educational tools to deliver a seminar on biosimilars. Delivery of this programme should

- 1) Improve knowledge and awareness of biosimilars amongst cancer nurses
- 2) Give them the tools to have meaningful conversations with patients
- 3) Remove potential barriers to biosimilar uptake

The content of the programme,

- can be used prior to, after implementation or as continuing professional development sessions.
- can be localized to suit local practice
- includes a pre and post educational impact survey

Programme outline - 5 modules



Meeting in a box

- Powerpoint modules
- Poster
- Certificates
- Pre/post educational assessments
- Evaluation
