Duke Oncology Core Curriculum Instructor; presented quarterly, 1998-2007

**DUKE UNIVERSITY, School of Nursing, Masters in Oncology Nursing Affiliate Faculty, 1999-present**

N502 Health Promotion/Prevention, Teaching Assistant, Fall, 2006  
N550 Advanced Pathophysiology, Teaching Assistant, Spring, 2006  
N502 Health Promotion/Prevention, Teaching Assistant, Fall, 2005

**MOUNT OLIVE COLLEGE AT THE TRIANGLE, Faculty, 2005-2007**

**UNIVERSITY OF NORTH CAROLINA AT GREENSBORO, School of Nursing, Preceptor, 2005-2006**

**Medicare Coverage Advisory Committee (MCAC), U.S. Department of Health and Human Services Fall 2004-present**

**Speaker's Bureau for pharmaceutical companies: Ortho Biotech, Lilly**

**PRIVATE DIAGNOSTIC CLINIC (PDC) PLLC; DUKE UNIVERSITY MEDICAL CENTER, Durham, North Carolina 1998--2005  
(800 physician-partner medical group with 700,000 patient visits annually)  
Oncology Services Health Center Administrator**

**Accountable for all aspects of the health centers' operation and collaborate with the Director of Specialty Care Services and the Medical Directors of the oncology clinics, which include surgical, medical, and hematology. Manage the nursing, technical and clerical personnel within the health center; over 50 Full Time Equivalents (FTE's); 80,000 patient visits annually. Responsible for fiscal planning, budgeting and related financial activities. Perform systems analysis to create new systems and operating procedures and revise established systems to achieve maximum efficiency of the clinics' patient care delivery systems. Liaison and consultant to other departments and services within the health center, PDC, medical center, affiliated groups and outside institutions and organizations. Ensure the provision of excellent, cost efficient, patient care that meets the PDC customer service goals. Organize and manage the development of plans related to facility expansion, relocation and remodeling while meeting the overall PDC and institutional goals. Represent PDC on Clinical Service Unit for oncology and gyn/oncology.**

**Activities and Accomplishments:**

**Transition of hematology and coagulation physicians practice to another site; increase space for oncology, 2004  
'Patient Advocacy and Advances in Oncology Nursing' Regional Conference Planning Committee Co-chair, March 04  
PDC Clinical Ladder; serve as administrator on committee; initiated process in ambulatory care, 2001- 2005  
Duke University Hospital Certification Ambassadors committee, 2004-2007  
Duke University Bereavement Advisory Council; member, 1999- 2005  
Duke University Patient Education Committee, member, 1999-2005  
National Cancer Institute Nurse Executive Meeting, Represented Duke Hospital, 2001-2003  
Duke University Friends of Nursing; Awards Committee; member, 1998-2003  
PDC JCAHO Point Team Leader for Patient Education; prepared oncology clinics for initial JCAHO accreditation, 2001.  
PDC Action Plan team, 2000-2005  
Annual Oncology Nursing Symposium, Faculty and Planning Committee  
Managed relocation of hematology/oncology clinic to new area with increase number of exam rooms  
Development of staff to enhance oncology knowledge and incorporate customer service standards into daily operations**

**UNIVERSITY OF NORTH CAROLINA AT CHAPEL HILL, Department of Health Policy and Administration  
Preceptor and Faculty Associate 2002—2005**

**Speaker's Bureau for pharmaceutical companies: Ortho Biotech, Roche, Millennium, Lilly, 2000-2008.**

**GEORGETOWN UNIVERSITY HOSPITAL, Washington, D. C. 1993—1998  
(407 bed non-profit, tertiary, teaching medical center)  
Nursing Coordinator, Medical Oncology/Hematology  
Clinical Associate, School of Nursing, Georgetown University  
Clinical Mentor, Marymount University, Arlington, Virginia (1997)  
Nursing Coordinator, Neurology (1995 - 1998)  
Clinical Mentor, Center for Clinical Bioethics, Georgetown University (1994)  
Affiliate Faculty, College of Nursing & Health Science, George Mason University, Fairfax, Virginia (1994, 1995)**

**Manage operational, personnel, and financial activities of two 20-bed units: Oncology/Hematology and Neurology. Planned, directed, implemented, monitored and evaluated a 24-hour nursing care delivery system that ensured nursing care was performed to standards; over 40 RN FTE's. Coordinated and collaborated with nursing staff, physicians, patients, families and multiple departments to provide patient and unit services. Promoted the professional growth and development of staff and students by planning for, participating in, and evaluating opportunities for education, research and development. Developed a strategic plan to achieve goals of the division focusing on health care reform and future needs. Faculty role**

encompassed presentations and clinical mentoring to both graduate and undergraduate nursing and business students on topics ranging from an overview to specifics of nursing management, oncology and neurology. Involvement on multiple hospital and nursing committees including Nursing Hospital Practice Council, Chemotherapy Advisory Committee, Facilities Reorganization task force, Hospital Ethics Committee and on-call clinical advisor to ethicists for consultations and National Race for the Cure, Georgetown University Steering Committee.

**Accomplishments:**

Chemotherapy certification of entire Registered Nurse Staff in oncology/hematology

Development of nursing staff, educational materials, and systems to meet educational needs of patients

Development of nursing staff to provide holistic care by changing the model from district nursing to primary nursing

Incorporated a staff mix which enhanced patient care and remained budget neutral by decreasing RNs and increasing non-licensed staff

Introduced and incorporated new roles in unit: volunteers, post graduate nursing students, nurse techs, college student interns, clergy residents, business students

Intensive Bioethics Course XX participant; Kennedy Institute of Ethics, Georgetown University (1994)

Instituted shared governance as demonstrated by unit-based practice and quality improvement councils and processes for peer review and self scheduling

**ST. FRANCIS REGIONAL MEDICAL CENTER, Wichita, Kansas 1976--1993**

(886 bed non profit, tertiary, teaching medical center)

Assistant Director, Oncology/Bone Marrow Transplant (January 1986--1993)

Accountable for the operation of a 27-bed oncology/bone marrow transplant unit which included 39 FTE's. Patients admitted for evaluation, chemotherapy, radiation therapy, symptom control, terminal care, and bone marrow transplantation (BMT). Management of this unit was a dynamic process to ensure staff preparedness for demands such as new and investigational drugs, treatments, protocols, therapies for patient needs. Collaborated with the Wichita Community Clinical Oncology Program (CCOP), one of 52 in the United States funded by the National Cancer Institute (NCI) which brought cutting edge cancer research to the community setting. Involvement on numerous committees including Ethics, Oncology Planning Committee, and Joint Commission on Accreditation of Health Organizations. Educational activities included numerous presentations for internal and external professionals and public on topics ranging from an overview to specifics of Oncology and BMT.

**Accomplishments:**

Developed unit to encompass bone marrow transplant patients which consisted of constructional design to include four hepafilter rooms, staff education and administrative issues related to initiation of a new program

Created the concept of incorporating bone marrow transplants as a subset of oncology which was recognized by American College of Physician Executives, National Awards Program; project described in their book Innovation '92

Developed a patient educational brochure on Advance Directives and rewrote the "Do Not Resuscitate" administrative policy as a member of the Ethics Committee; endeavors recognized by St. Francis Regional Medical Center Commendations for exemplary contributions

Developed Southwest Oncology Group (SWOG) Nurse Oncology Committee Orientation Guide

Organized and implemented change in care delivery system from modular nursing to primary nursing

Facilitated "I Can Cope" program since conception in 1976 which included development and implementation of one, or more, eight-week sessions annually

**Patient Care Supervisor, Oncology (January 1984--January 1986)**

Accountable for unit work flow and staff on day shift. 50% clinical; 50% management. Hired, coached, and evaluated licensed and non-licensed staff. Nursing Forms Committee and Medicus Acuity Working Committee member.

**Staff Nurse and Charge Nurse, Oncology (June 1976--January 1984)**

Delivered holistic care to oncology patients according to standards. Directed activities of shift; resource nurse to staff when in charge role. Initiated and facilitated "I Can Cope" program at St. Francis Regional Medical Center. Process included multiple inservices and continuing education for hospital medical and nursing staff, clergy and the community.

**PROFESSIONAL AND COMMUNITY MEMBERSHIPS**

**Oncology Nursing Society (ONS) 1976 – Present**
