

## **FACULTY**

Professor Alex Molassiotis has been the Editor-in-Chief of the *European Journal of Oncology Nursing* since 2003. He is currently Chair and Professor of Cancer & Supportive Care at the University of Manchester, UK, and Head of the Academic Cancer Nursing Research Unit, Christie Hospital NHS Foundation Trust. He is also a Bloomberg International Distinguished Visiting Professor at the University of Toronto in Canada. Professor Molassiotis is a member of the Research Committee of the ISNCC and co-chair of the anticipatory nausea/vomiting subgroup in MASCC. He has authored more than 100 peer-reviewed publications. Professor Molassiotis' research focus is complex symptoms and the development of interventions to manage chemotherapy-related symptoms, currently focusing on cancer-related fatigue, chemotherapy-related nausea and vomiting, and cough/breathlessness in lung cancer.
