Advancing Palliative Care for Cancer Patients Internationally

Purpose: The purpose of this workshop is to introduce the End-of-Life Nursing Education Consortium (ELNEC) – International curriculum to the participants. In addition a description of past and future efforts in providing palliative care education to oncology nurses internationally will be reviewed.

Each participant will receive a copy of the ELNEC-International CD-Rom, which will house all 8 modules:

- Introduction to Palliative Care
- Pain Management
- Symptom Management
- Communication
- Ethical Considerations
- Cultural Considerations
- Loss, Grief, Bereavement
- Final Hours

Also housed on the CD-Rom are:

- Powerpoint slides for all 8 modules
- “Talking points” for each slide
- Case studies
- Up-dated reference lists
- Supplemental teaching materials

Upon completing this one-day course, you will be considered an ELNEC trainer and will be qualified to teach others this content.

AGENDA

0900-0930:	Introduction to ELNEC-International	Pam Malloy
0930-1015:	Introduction to Palliative Care	Judy Paice
1015-1030:	BREAK	
1030-1100:	Communication	Pam Malloy
1100-1200:	Pain Management	Judy Paice

1415-1500:	Culture/Ethics	Pam Malloy
1500-1530:	Final Hours of Life	Judy Paice
1530-1600:	Where Do We Go From Here? (Open Discussion with Participants)	Pam Malloy & Judy Paice

FACULTY

Judith Paice, RN, PhD, FAAN is currently the Director of the Cancer Pain Program in the Division of Hematology-Oncology and a Research Professor of Medicine, Northwestern University; Feinberg School of Medicine. She also a full member of the Robert H. Lurie Comprehensive Cancer Center. Dr. Paice is the immediate past President of the American Pain Society, board member of the International Association for the Study of Pain, and a past member of the Agency for Health Care Policy and Research panel that developed clinical practice guidelines for cancer pain. Much of Dr. Paice's clinical work has been in the relief of pain associated with cancer and HIV disease. Her research interests include: Chemotherapy induced peripheral neuropathy; quality improvement measures to foster pain relief; and adverse effects associated with analgesics. Dr. Paice has travelled internationally on many occasions to present ELNEC.

Pam Malloy, RN, MN, OCN, FPCN is an oncology nurse specialist with over 30 years of experience in clinical medical/surgical and oncology nursing, staff development, education and administration. Ms. Malloy is currently the Director of the ELNEC Project at the American Association of Colleges of Nursing (AACN) in Washington, DC and is co-investigator for the ELNEC-Critical Care and Geriatric projects. In addition, Ms. Malloy was the team leader for developing the 2005-2007 Oncology Nursing Society's (ONS) Chemotherapy/Biotherapy Training Course and has trained numerous oncology nurses around the country on how to safely administer chemotherapy/biotherapy. Ms. Malloy also contributed to the current ONS Chemotherapy/Biotherapy Guidelines. Ms. Malloy as travelled internationally to present ELNEC.
